across borders and generations.”

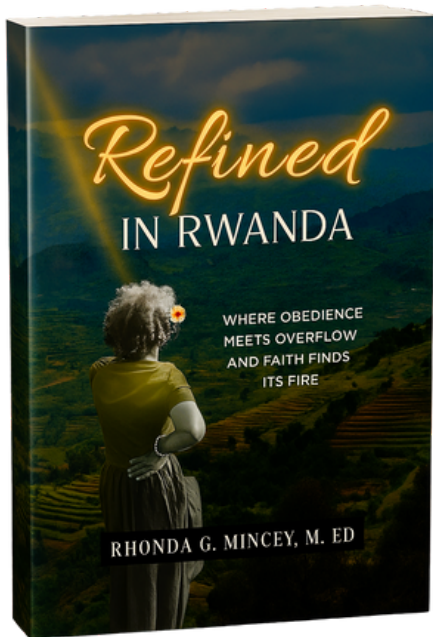

Mission Impact

- and menstrual health initiatives for women and girls

THE BOOK: KEY THEMES

What if your obedience opened the door to overflow?

“Refined in Rwanda” is a poetic and prophetic memoir of one woman’s surrendered ‘yes’—a journey through fire, faith, and divine refinement that led to healing across continents. This book invites women to release striving, embrace purpose, and rise boldly into the life God always intended.

“Refined in Rwanda” by Rhonda is a tender, poetic reflection that speaks to the soul. Having spent time with her, I’ve seen the beauty of her heart up close—and that same beauty lives in these pages. As a Rwandan, I’m deeply proud of her ‘yes’ to God, and I pray this book finds you the way it found her—with open hands and a willing heart.
